xx frame are actually twice transplanted plants out of field beds.

xx field indicates plants that have been grown in wide rows with additional room for development.

2 yr. bands are 2 1/2 x 2 1/2 x 3" bands. In the two years period we have had an opportunity to additionally feed, trim, and take care of these plants to give you in effect more than a two year liner in vigor and furnishing.

Grafts are pre-staked and firmly attached to the stake with pot ball wrapped with foil for successful shipping. After first year's growing, ties should be removed to avoid girdling.
